Date Rec'd _____	ATB # _____	Date Confirmed _____
Is Sire an Accredited Texas Stallion?	<input type="checkbox"/> Yes <input type="checkbox"/> No	

ACCREDITED TEXAS-BRED BROODMARE RULES FOR MULTIPLE EMBRYO FOALS

BROODMARE—A mare may be accredited at any time for a lifetime fee of \$50, but must be accredited with the Texas Quarter Horse Association (TQHA) as an Accredited Texas-Bred Broodmare by June 30 of the year in which an ATB eligible foal is conceived to be eligible for Breeder Awards. An additional late fee of \$50 may be submitted for mares accredited after June 30, but no later than December 31 of the year in which an ATB eligible foal is conceived in order to receive Breeder Awards. TQHA may accredit a broodmare for which an application is filed after December 31 of the year in which an ATB eligible foal is conceived; however, the breeder of that foal is not eligible to receive breeder awards for that foal. Any mare accredited with the TQHA as racing stock must be re-accredited as breeding stock to participate as an ATB Broodmare

EMBRYO TRANSFERS—For an embryo transfer foal to be eligible for Texas accreditation, it must be the genetic offspring of an Accredited Texas-Bred Broodmare and meet all accreditation requirements. The RECIPIENT MARE must be permanently identified (papered, branded or tattooed) and permanently domiciled in Texas.

MULTIPLE FOALS—Multiple foals conceived in the same year by a single broodmare are eligible for accreditation provided the mare was bred to an ATB stallion at least every other breeding and all other requirements for accreditation are satisfied. TQHA may require a report of mares bred be submitted to the TQHA to verify eligibility for accreditation.

If the multiple foals are the result of a transferred embryo/oocyte, all foals sired by an ATB stallion are eligible. If any of the foals are sired by a non-ATB stallion, only one of the foals sired by a non-ATB stallion may be accredited. The owner of the ATB broodmare at the time of conception for foals sired by a non-accredited stallion must notify TQHA and select which foal is to be accredited and is considered the breeder for purposes of breeder awards. In such instance, the breeder must submit to TQHA a notarized TQHA FOAL AUTHORIZATION FORM stating which foal shall be eligible for Texas accreditation and this form must be submitted on or before August 15 of the weanling year. In the event the breeder does not or cannot complete the TQHA FOAL AUTHORIZATION FORM, the first foal submitted for Texas accreditation shall be considered the only foal eligible.

An ATB broodmare that produces multiple foals in a single year using the transferred embryo or oocyte process must submit to TQHA the MULTIPLE EMBRYO TRANSFER REPORT. The report must be submitted on or before December 31 of the year of conception.

PLEASE RETURN REPORT TO:
